Follow-ups

On Feb 14th at 16:20, Alice Lee :
Task #35 has **higher** priority than me

Task #35: implement sth

Artifact content

Follow-ups

On Feb 14th at 16:20, Alice Lee :
Story #21 has **lower** priority than me

On Jan 20th at 11:43, John Doe:
Story #46 has **higher** priority than me

Story #46: another stuff

Artifact content

Follow-ups

On Jan 20th at 11:43, John Doe:
Task #35 has **lower** priority than me

On Feb 14th, this is no longer true

2 moves: follow-up status issue

- Identified issue:
 - The follow-up itself cannot give a status of the priority settings
- This might not be a problem if we agree that the Seq#Id history is there “just to identify who made the change”
